1.2 *Introduction*

The Small Business Act provides for entrepreneurial training, business development assistance, counseling and management assistance to small business owners owned and controlled by eligible veterans; as well as the authority to make grants to, and enter into contracts and cooperative agreements with education institutions, private businesses, veterans' nonprofit community-based organizations, and Federal, State, local and tribal government agencies for the establishment of and implementation of outreach programs for disabled veterans.

1.3 *Background*

Since its inception in 1953, SBA has served to aid, counsel, assist and promote the interests of small businesses; while SBA is best known for its financial support of small businesses through its many lending programs, the Agency also plays a critical role in providing funding to organizations that deliver technical assistance in the form of counseling and training to small business concerns and nascent entrepreneurs in order to promote growth, expansion, innovations, increased productivity and management improvements. The mission of SBA's Office of Veterans Business Development (OVBD), which bears responsibility for administering the Entrepreneurship Bootcamp for Veterans with Disabilities Program, is to act as a liaison with the veterans business community; to write and review policy analysis and reporting; to act as Ombudsmen for Veterans in Small Business Administration programs, to provide business training, counseling assistance, and to oversee the Federal procurement programs for veteran and service-disabled veteran-owned small businesses.

1.4 *Purpose*

Eligible Institutions (as defined in Section 3.2) may apply to SBA for an award of financial assistance under this Announcement to fund an administrative project that further builds the Institution's capacity to market and promote the EBV Program to post 9/11 service-disabled veterans as potential candidates, and recruit renowned 4-year Institutions of Higher Learning that provide world-class entrepreneurship and business management training programs to service-disabled veteran small business owners and entrepreneurs, with the intent of starting new or expanding/diversifying existing small businesses, or starting nonprofit organizations.

1.5 *Leveraging of Resources*

The Applicant selected for an award under this Announcement is required to maximize efforts to leverage SBA funding by working in conjunction with SBA's District Offices and other federal, state, local and tribal government small business development programs and activities; SBA resource partners such as SCORE, Small Business Development Centers, Women's Business Centers, Veterans Business Outreach Centers, 7(j) Technical Assistance providers, Small Business Investment Companies, Certified Development Companies, and SBA lenders; and/or universities, colleges, and other institutions of higher learning; and private organizations such as chambers-of-commerce and trade and industry groups and associations in marketing and promoting the program to eligible, potential service-disabled veteran candidates with a passion for and interest in entrepreneurship. Applicants must provide a detailed description of how they plan to work directly with SBA's resource partners in penetrating post 9/11 service-disabled veteran communities to market and promote the EBV program for recruiting qualified service-disabled veterans as prospective EBV candidates in addition to recruiting Institutions of Higher Learning into the EBV Consortium.

1.6 *SBA Involvement and Oversight*

A designated Grants Officer Technical Representative (GOTR) within the Office of Veterans Business Development at SBA Headquarters will be responsible for overall monitoring and oversight of a Small Business Program award Recipient, including compliance with the terms of

the Cooperative Agreement. A designated Grants Officer within the Office of Grants Management (OGM) will be responsible for issuing the Notice of Award, making modifications to the award, and processing payments.

1.7 *Changes or cancellation*

SBA reserves the right to amend or cancel this Announcement, in whole or in part, at the Agency's discretion. Should SBA make materials changes to this Announcement, the Agency will extend the Closing Date as necessary to afford Applicants sufficient opportunity to address such changes.

All proposals (narratives and forms) must be submitted electronically via the government-wide financial assistance portal www.grants.gov. **NO OTHER FORMS OF SUBMISSIONS WILL BE ACCEPTED.** All required forms are provided in the grants.gov application package for this funding opportunity. Specific instructions for obtaining, completing, and submitting an application via grants.gov, including animated tutorials, may be found at http://www.grants.gov/applications/app_help_reso.isp.

In order to submit an application via grants.gov, an organization is first required to have a DUNS number, be registered with the System for Award Management (SAM), and have a grants.gov username and password. Additionally, Applicants should not wait until the closing date to begin the submission process in order to avoid unexpected delays that could result in the rejection of an application.

Information about the grants.gov registration process can be found at http://www.grants.gov/applicants/get_registered.isp. Applicants must register as organizations, not as individuals. Please note that organizations already registered with grants.gov do not need to register. However, all registered organizations must keep their SAM registrations up-to-date. As part of the grants.gov registration process, an Applicant must designate one or more Authorized Organizational Representatives (AORs). AORs are the only individuals who may submit applications to grants.gov on behalf of an organization. If an application is submitted by anyone other than a designated AOR, it will be rejected by grants.gov and cannot be considered for funding.

Once an application is submitted, it undergoes a validation process through which it will be accepted or rejected by the grants.gov system. The validation process may take 24 to 48 hours to complete. Applicants should save and print written proof of an electronic submission made at grants.gov. Applicants can expect to receive multiple emails regarding the status of their submission. The first email will confirm receipt of the application. The second email will indicate that the application has either been successfully validated by the system and assigned an SBA tracking number, or it has been rejected due to errors. An Applicant will receive a third email once SBA has downloaded its applications from grants.gov for review in accordance with Section 5.3 below.

If grants.gov notifies an Applicant via email that its application contains an error, the Applicant must correct the noted error(s) before the system will accept and validate the application. Applicants that choose to submit on or close to the closing date are advised they may not receive email notification of an error with their application until after the submission deadline, and thus will not have an opportunity to correct and submit their applications. **APPLICATIONS THAT ARE REJECTED BY GRANTS.GOV WILL NOT BE FORWARDED TO SBA AND CANNOT BE CONSIDERED FOR FUNDING.** It is the Applicant's responsibility to verify that its submission was received and validated successfully at grants.gov. To check the status of your application and see the date and time it was received, log on to grants.gov and click on the "Track My Application" link from the left-hand menu.

If you experience a technical difficulty with grants.gov (i.e., system problems or glitches with the operation of grants.gov website itself) that you believe threatens your ability to submit your application, please (i) print any error message received; and (ii) call the grants.gov Contact Center at 1-800-518-4726 for immediate assistance. Ensure that you obtain a case number regarding your communications with grants.gov. NOTE: Problems with an Applicant's own computer system or equipment is **not** considered technical difficulties with grants.gov. Similarly, an Applicant's failure to (i) obtain a DUNS number or complete the SAM or grants.gov registration process; (ii) ensure that an AOR submits the application; or (iii) take note of and act upon an email from grants.gov rejecting its application due to errors, are **not** considered technical difficulties. A grants.gov technical difficulty is an issue occurring in conjunction with the operation of grants.gov itself, such as the temporary loss of service by grants.gov due to an unexpected volume of traffic or failure of information technology systems, both of which are rare occurrences.

Applicants should use the following link to obtain assistance in navigating grants.gov and access a list of useful resources: http://www.grants.gov/applicants/app_help_res.jsp. If you have a question that is not addressed under the "Applicant FAQs" try consulting the "Applicant User Guide" or contacting the grants.gov Contact Center, which is open 24 hours a day, seven days a week.

4.3 *Required Proposal Submission Dates*

Each Applicant is required to submit its proposal electronically via www.grants.gov no later than 11:59 p.m. Eastern Time on November 22, 2012. Because of the re-conditions for submitting applications via grants.gov and the potential for encountering technical difficulties in using that site, Applicants are strongly encouraged to log on to the grants.gov and review the submission instructions early. **DO NOT WAIT UNTO THE CLOSING DATE TO BEGIN THE SUBMISSION PROCESS.** Applicants bear sole responsibility for ensuring their proposals are submitted and received before the closing date.

SBA will consider the date and time stamp on the validation generated by grants.gov as the official submission time. A proposal that is not received by grants.gov before the closing date of this Announcement will be rejected without being evaluated, unless the Applicant can clearly demonstrate through documentation obtained from grants.gov that it attempted to submit its proposal in a timely manner but was unable to do so solely because of grants.gov systems issues. Additionally, SBA will not accept any changes, additions, revisions, or deletions to applications made after the closing date.

Applicants should save and print written proof of an electronic submission made at grants.gov. If problems occur while using grants.gov, the applicant is advised to (i) print any error message received; and (ii) contact grants.gov for immediate assistance. Applicants may obtain advice and assistance with grants.gov submission process by visiting <http://www.grants.gov/help/help.jsp> or by calling 1-800-518-4726.

5.3 Review and Selection Process

Applications that are not rejected by the grants.gov or SBA's screening process will be evaluated by teams of reviewers and scored on the basis of how well they meet the criteria outlined above. These reviewers may be SBA employees or employers of other federal agencies. The maximum score any application can receive is 100 points. Prior to evaluating applications received in response to this Announcement, SBA will establish a minimum acceptable score. Only those applications that meet or exceed that threshold will be eligible for funding. Applicants are therefore encouraged to design proposals that address each of the scoring criteria listed above as thoroughly as possible.

In the interest of providing EBV to as broad a segment of the beneficiaries' small business community as possible, SBA will consider the geographical dispersion of Applicants' project service areas when making award decisions. An application that exceeds the minimum acceptable score and which scores more highly than other acceptable proposals may nevertheless be passed over for funding if that applicant proposes to serve the same or substantially that same area or market as the existing EBV Grant Recipient.
